The Small Business Institute® is the premier organization dedicated to field-based student consulting and outreach to small businesses. Our members are actively involved with small businesses and entrepreneurial firms in their communities and regions.
Continuing a Tradition......

The Small Business Institute® Journal is one of the many benefits of membership in the Small Business Institute® association (SBI). SBI is the premier organization for pedagogical research using field-based student experiential learning. Along with this journal, SBI offers a student consulting project competition, a national conference, professional development opportunities and much more. We have recently revamped our website to better serve our members’ needs. Check us out at www.smallbusinessinstitute.biz.

The Small Business Institute® Journal provides a focused approach to a wide range of research regarding small business and entrepreneurship issues. It embraces pedagogical manuscripts, thereby enabling scholars and practitioners to share findings and best practices in their disciplines.

Typically published electronically twice a year, we would welcome your manuscript and therefore, urge you to submit. All submissions are blind reviewed by three individuals.

We believe the Small Business Institute® Journal fills a valuable need in the field with a top quality journal. We hope you agree. Enjoy!

Ronald Cook, Ph.D.
President
Small Business Institute®
President:  
Ron Cook, Rider University
